Making it one of the oldest universities in the world.

VALUABLE CONTRIBUTIONS TO SOCIETY

The KU Leuven **Research & Development (LRD)** technology transfer office was **one of the first in Europe.**

135 spin-off companies

7,637 researchers & professors

6,236 PhD researchers

Do you want to help shape the society of tomorrow?

Every era starts its own revolution, a leap in progress courtesy of creative minds, sharp thinkers, and leading researchers. You'll meet just that sort of professor – the ones who imbue their students with inspiration and new insights – at KU Leuven. A commitment to foundational and applied research has earned KU Leuven the honour of being named most innovative in Europe for the fourth time in a row. Follow your curiosity at KU Leuven today, and find your answers tomorrow.

BELGIUM, THE HEART OF EUROPE

Whether as a student or researcher, you'll discover in Belgium a country full of surprising contrasts. A country rich in art, history, and architecture. You'll be treated to its local specialties in a friendly atmosphere. Belgian cities have so much to offer to students: a cosmopolitan lifestyle, great sport facilities, libraries, bookshops, restaurants, cafés, and a dynamic cultural scene.

As an international guest, you might find Belgians initially reserved – an impression that will only last until you share a round of beers at an outdoor café or make your first visit to a Belgian home, where you will be warmly welcomed and well fed. Belgium is also an ideal base for exploring the rest of Europe. London, Paris, Cologne, and Amsterdam are all a proverbial stone's throw away. It is the headquarters of many international organisations and companies and the beating heart of the European Union.

13 CAMPUSES ACROSS FLANDERS

KU Leuven offers degree programmes at various campuses in **10 Belgian cities**, including Brussels. Five of these campuses offer **programmes in English**. The city of Leuven has been the focal point of the university's educational mission for almost 600 years.

www.kuleuven.be/campuses

The Artes University Library in Leuven

LEUVEN

Since its foundation, KU Leuven has been located in the city of Leuven in the region of Flanders, the Dutch-speaking part of Belgium. **Leuven is a dynamic, elegant, and safe student city with a long and rich history.** The city's beautiful, charming centre, which dates back to the Middle Ages, is dotted with stately colleges and historic buildings that were constructed by and for the university over the course of many centuries. There are also many cultural and recreational opportunities to be found.

A true hub of innovation and technical entrepreneurship, Leuven has a long tradition as one of Europe's leading tech ecosystems. Not only is the city home to the university, it is also fast becoming a destination for the knowledge economy. Imec, VIB and the University Hospitals all have their head office in Leuven, allowing them to harness and contribute to the city's energy. Taken together, the tech industries, significant investment capital, highly educated employees, technology platforms, research parks and research networks all make Leuven a unique and progressive hub for innovation.

Grand Place in Brussels

BRUSSELS

Brussels is the capital of Belgium and a modern, multicultural city that offers many activities for students. **Thanks to its parks, cinemas, theatres, museums, and art galleries, Brussels is never dull.** In addition, it welcomes a large number of international students every year, which gives the city a cosmopolitan feel.

Brussels is the beating heart of Europe. As a student, you'll be living and studying in a true business hub and decision making centre; the city is home to the EU institutions and NATO, as well as a diverse range of international finance and trade organisations. Hundreds of multinational corporations have their head offices here.

The quays in Ghent

GHENT

The bustling city of Ghent offers you its hallmark joie de vivre as well as a comfortable home away from home. **The scenic Graslei waterfront, the medieval Sint-Baafs Cathedral, Gravensteen Castle, and charming bars: Ghent has it all.** Numerous museums, music venues, and art studios give the city its artistic vibe. Ghent is a city as contemporary as it is historical, illustrated by its ambitious modern architecture and urban development strategy. With its elaborate educational network, the city is also a knowledge hub, appealing to international experts in myriad fields.

The skyline of Antwerp

ANTWERP AND SINT-KATELIJNE-WAVER

Antwerp is a historical city of culture, architecture, fashion, and top-level gastronomy. Antwerp harbour is the second largest in Europe. Antwerp's strategic location and its open-minded reputation attract many international investors and companies. The history of Antwerp from its Roman origins to its Napoleonic buildings is rich and fascinating, but students know it as a city that never grows old.

The green campus of **Sint-Katelijne-Waver** is a twenty minute train ride away. **The campus introduces you to state-of-the-art technologies.** Meanwhile, nearby Antwerp is a convenient home base, as is the artistic city of Mechelen. Its historical centre compact, welcoming and authentic.

MEET OUR STUDENT AMBASSADORS

We have a students on every campus who will be happy to tell you about life in Belgium and at KU Leuven. Curious about their experiences? Just head over to www.kuleuven.be/chatwithourstudents.

'KU Leuven is a community of people; a huge diverse international students community that provides a friendly environment away from home. You'll have abundant opportunities to enrich your experience outside the lecture rooms and laboratories. Leuven is a cultural beautiful city with a vibrant atmosphere and rich heritage. I don't regret coming here, I highly recommend you come to study in Flanders.'

Tafadzwa Makara

'KU Leuven supports its students in the development of valuable professional and personal skills through the help and guidance of its dedicated and distinguished faculty. KU Leuven's diverse community of students from around the world creates a dynamic and international learning environment where you meet new lifelong friends along the way.'

Alex Saliba

'As someone who has lived 6 years in Leuven as a student and 2 more years as a postdoc, I would suggest you to take the opportunity to apply for the amazing KU Leuven and come to this beautiful city. It will be a very special experience in your life!'

Mahoor Mehdikhani

'Transitioning from an ambitious corporate environment to academia, KU Leuven has helped me broaden my knowledge horizon while encouraging a culture of perfection.'

Shourya Bhattacharya

Our researchers developed a solar panel that converts sunlight and air into hydrogen, which burns cleanly and without emissions.

ACADEMIC CAREER PATH

Bachelor's programmes

KU Leuven offers 48 bachelor's programmes, **5 of which are taught in English**. Bachelor's programmes consist of 180 ECTS credits and can be completed in 3 years.

Master's programmes

You can choose from 137 master's programmes at KU Leuven. **69 of them are completely in English**, 1 of them in French. Programmes will take 1 year (60 ECTS credits) or 2 years (120 ECTS credits) to complete.

Advanced master's programmes

Advanced master's programmes are aimed at students who already have a master's degree. They provide training at an advanced level. KU Leuven offers **23 advanced master's programmes in English** and 1 in Spanish. The curricula are strongly linked to top research domains of KU Leuven. Programmes usually take 1 year (60 ECTS credits), but 2-year programmes also exist.

Postgraduate programmes

Postgraduate programmes are advanced programmes of 20 ECTS credits or more. They target students who have already obtained a bachelor's or a master's degree. Postgraduate programmes help you expand your knowledge and provide opportunities for further specialisation. You receive a certificate upon successful completion of the programme,.

Doctorate / PhD

Full-time doctoral programmes usually take a minimum of 3 to 4 years. You will tackle fundamental or applied topics to make an innovative contribution to your field of study.

ACADEMIC CALENDAR

- **1st semester:**
3rd week of September >
end of January (exams in January)
- **2nd semester:**
2nd week of February >
end of June (exams in June)

www.kuleuven.be/academiccalendar

DOCTORAL SCHOOLS

PhD's at KU Leuven

As a comprehensive university, KU Leuven offers the opportunity to pursue a world-class **PhD programme in a wide variety of academic fields**. Our three doctoral schools provide both high-quality education and expansive academic support, ensuring that KU Leuven is the ideal university to finalise your advanced education.

Research is the heart of our university, and all of our PhD programmes are embedded in a stimulating international research environment. Your original research will be performed under the guidance of a highly respected supervisory team, whether that involves a literature review, working in a laboratory, gathering data, attending seminars and conferences, presenting your findings in presentations and articles, writing your dissertation, etc. You will be able to pursue a doctoral curriculum tailored to your professional goals while enjoying access to excellent research facilities and student services. In addition to academic, research-related coursework, **all doctoral curricula include transferable skills training in topics such as effective communication, entrepreneurial skills, and leadership**.

In approximately 4 years, you will obtain your PhD after a successful public defence. Today, more than 6,000 researchers are working on their PhD at KU Leuven and each year about 800 of them successfully defend their PhD. About half of the PhD community comes from abroad.

Finding a PhD position

There are two methods of beginning a doctoral programme at KU Leuven:

- Write a proposal yourself and look for a supervisor on your own initiative.
- Apply for a PhD vacancy on the jobsite.

Funding

Funding is required to pay for your research, and there are several methods for receiving research funding at KU Leuven. Our doctoral schools and Research Coordination Office are ready to help you in your search for financial support.

www.kuleuven.be/PhD

Our researchers supervise the Sagalassos archaeological site in Turkey, where KU Leuven has launched research projects across a wide range of disciplines. A prime example is the facial reconstruction of two skeletons found in the course of excavations.

NON-DEGREE PROGRAMMES

Exchange programmes

When you are a degree student at another university outside of Belgium, it may be possible to come spend some time at KU Leuven. You would still be a student at your home university, but also **an exchange student at KU Leuven** for a period ranging from a couple of months to a full academic year.

You can become an exchange student via European exchange programmes such as ERASMUS or via bilateral agreements between your university and KU Leuven.

www.kuleuven.be/exchange

Summer schools

KU Leuven offers several top-level **summer courses** that are open to students, researchers, and professionals from all over the world. A significant share of the short programmes offers advanced insights into academic subjects and is intended to supplement the regular curriculum. With an exciting range of options in the heart of Europe, you will not only enjoy high-quality classes but also partake in a truly European lifestyle.

www.kuleuven.be/summerschool

MOOCs

KU Leuven offers Massive Open Online Courses via its own channel on the well-known MOOC platform edX. On edX, over 10 million people follow online courses offered by MIT, Harvard, UC Berkeley and other leading educational institutions. More than 150,000 learners from over 175 countries are following KU Leuven MOOCs.

www.kuleuven.be/moocs

The bike is the favourite means of transport for students at KU Leuven

PRACTICAL INFORMATION

Admission requirements

Graduate study programmes at KU Leuven are divided into four categories: bachelor's programmes, initial master's programmes, advanced master's programmes, and doctoral studies. Degree requirements vary by category and programme.

- In most cases, to qualify for admission to an initial master's programme, you must hold an appropriate undergraduate degree (usually a bachelor's degree) consisting of at least three years of full-time, university-level studies.
- To qualify for admission to an advanced master's programme, you are expected to hold a master's degree or – depending on the study programme – a bachelor's degree obtained after a four-year programme.
- To qualify for admission to a doctoral programme, you must hold a master's degree and have a doctoral advisor (in Dutch, a 'promotor') willing to supervise your doctoral studies.

Final admission decisions are made on a per-programme basis by the board responsible for that particular programme. Students must meet the admission requirements specific to their chosen programme of study.

www.kuleuven.be/internationalprogrammes

Students are expected to be proficient in English. All non-native English speakers are required to submit proof of English proficiency. KU Leuven currently accepts TOEFL (iBT), IELTS and Cambridge English Examination results. Minimum language requirements vary by programme, so it's best to consult the language requirements specific to your chosen programme for more information.

Students who wish to follow Dutch-language study programmes can visit our website for more information.

www.kuleuven.be/dutch-proficiency

Application procedure and deadlines

Application deadlines can be found at:

www.kuleuven.be/application

Some programmes have a limited number of places and are very selective. We therefore recommend that you apply as soon as possible.

KU Leuven begins accepting applications for the 2021-2022 academic year on 7 October 2020.

For detailed instructions on compiling your applications:

www.kuleuven.be/application

www.kuleuven.be/admissions

The corona pandemic is being examined by multiple disciplines at KU Leuven with an overarching goal of developing an effective vaccine. To increase the chances of success, the various research teams involved are focusing on different technologies.

Tuition fees

The Flemish government's generous co-financing system ensures that tuition fees for most bachelor's and initial master's programmes remain relatively low: EUR 947.20 per academic year (subject to annual indexation). EEA students pay the same tuition fees as Belgian students. Non-EEA students may need to pay a higher tuition fee for certain bachelor's and master's programmes; check your specific programme's website for the latest fees. Fees for advanced master's programmes range from EUR 1,750 to EUR 8,500 (subject to change without notice).

www.kuleuven.be/tuitionfees

Scholarships

For certain programmes, eligible candidates can apply for an Erasmus+ or VLIR-UOS scholarship. The EU-funded Erasmus+ programme aims to enhance quality in higher education through scholarships and academic cooperation. VLIR-UOS, the Flemish Interuniversity Council for Development Cooperation, awards scholarships to students from developing countries to follow one of the International Course Programmes (ICPs) offered at KU Leuven.

www.kuleuven.be/international

For general information on scholarship opportunities, visit:

www.kuleuven.be/scholarships

Visa and permits

EEA students don't need a visa to enter Belgium. After registration, they will have to present themselves at the city hall of their place of residence in Belgium to obtain a residence as EEA student. The following items have to be presented to complete the registration

- **Registration certificate**
- **Valid ID card or passport**
- **Proof of health insurance**

Non-EEA students need a visa for their study stay in Belgium. After obtaining the admission letter from KU Leuven, they can start the visa procedure at the Belgian consular post in their country of residence.

www.kuleuven.be/english/admissions/travelling/visa

Living expenses

You will need around EUR 750 to EUR 1,350 per month to cover your living expenses in Belgium. This estimate includes study materials, housing costs (rent, heating, water, electricity etc.), food, clothing (i.e. washing), medical and insurance costs, and other expenses (e.g. leisure, groceries, and transport).

www.kuleuven.be/english/admissions/budget

Working while studying

The Student Career Center provides guidance for international students who want to work during their studies at KU Leuven. The Student Job Shop is a KU Leuven database where students can find student job offers and volunteer work.

www.kuleuven.be/studentcareercenter

STUDENT SERVICES

HOUSING

Leuven offers housing opportunities at reasonable prices. Most students choose to rent a room ('kot' in Dutch) in a privately-owned student house with shared common spaces and facilities. If you need any help with this, the KU Leuven Housing Service can offer assistance. The university owns and manages a number of student residences. A limited number of rooms in these residences is reserved for international students.

www.kuleuven.be/housing-leuven

You can also browse the Housing Service's online database:

www.kotwijs.be/en

Will you be studying at one of our campuses? Please check the following housing databases for the different cities:

- Brussels:
brik.mykot.be/en
- Ghent:
stad.gent/en/international-students/living
- Antwerp:
www.studentkotweb.be/en

WELCOME TO LEUVEN

Leuven is a student-friendly city where meeting new people is easy. To help you settle into your home away from home, KU Leuven organises a welcome week at the start of each semester and hosts an intercultural meeting centre, Pangaea.

www.kuleuven.be/Pangaea

Other student facilities include the Study Advice Service, the Social Service, Student Legal Services, Student Career Center, Student Health Center, and various student restaurants.

www.kuleuven.be/studentsservicesleuven

LIBRARIES AND STUDY CENTRES

KU Leuven's extensive library network is spread across the university's various faculties and campuses. Together, they form the KU Leuven Libraries. These libraries play a crucial role in the university's innovative international research policy incorporating large-scale physical and electronic collections. You can also find a place to study at the AGORA Learning Centre, which offers a fully-equipped study space for students and staff, with a focus on collaboration and new technologies.

www.kuleuven.be/universitylibrary
www.kuleuven.be/agora/english

The university also offers a wide range of cultural activities and fully-equipped sport facilities:

www.kuleuven.be/culture
www.kuleuven.be/sports

As a student on one of our campuses outside of Leuven, you can consult Student Services on site. More information for each campus is available at www.kuleuven.be/studentsservices
