

LIFE IN LJUBLJANA

Ljubljana, the capital of Slovenia, is a pleasant and youthful city to live in. Although it is not among Europe's largest cities, it has everything one finds in other capitals: museums and galleries, one of the oldest philharmonic orchestra in the world, many theatres, cinemas, a university, institutes and libraries. In the city center you will find lots of pubs, cafés, restaurants, clubs and shops. There are plenty of green spaces too. You will have the chance to live in a unique place, experience the quality of student life and discover this part of Europe with all your senses. If you ever get bored, you can easily go to mountain or seaside. Everything is within driving distance – you can swim in the sea and ski in the Alps on the same day.

“ Damian Maciag, Poland

I enjoyed studying in Ljubljana very much, mostly because of the people who I was able to meet; these were my colleagues, friends, professors and administration staff. The University of Ljubljana provided me with well prepared conditions for my studies, such as interesting courses, well equipped facilities, a friendly atmosphere and the possibility to take part in other activities; for instance, sport or cultural events. Like all Slovenian students, I was provided with subsidised meals and public transport. Ljubljana is located in the central part of Slovenia with a beautiful landscape and natural surroundings. From my faculty I could see the Alps every day!

STUDY UL WEBPAGE

offers a set of guides to help you choose well and make the right decision in selecting your degree programme at the University of Ljubljana. You will also find other relevant information regarding administrative procedures and living in Slovenia.
