General information

Short title:	
Duration (start to end date): <i>Course must take place in the academic year 2024/25</i>	

Summary (max. 1.000 characters)

Shortly summarize the main objectives and elements of your joint online course and explain how it is likely to improve long-term cooperation between Freie Universität Berlin and the Hebrew University of Jerusalem

Proposal (max. 2 pages)

Please **explain** the motivation for the joint activity as well as the design and implementation of the joint course. All formats should include joint digital teaching and learning activities and can combine digital and on-site teaching.

Concept, content and materials should be developed on a "fifty-fifty-basis" by FUB and HUJI faculty and follow the [GIVCA styleguide](#).

Courses will be selected with particular attention to:

- Excellence of the course
- Level of synergy between the lecturers, students and institutions
- Contribution to the department's /institution's curriculum
- Quality and sustainability of the digital/blended teaching and mobility format
- Sustainability of the cooperation beyond the initial seed money funding phase

Please also attach **CVs from the project leaders at both** institutions.

Budget

The courses are jointly funded by FUB and HUJI. Please give details on the expected costs for the project and refer to the specific regulations of the respective institution. Please note that we do not pay honoraria for the applicants. Business trips in either direction have to be handled by the travel units of the respective institution which will determine the actual amount reimbursed.

Inclusion of researchers from another university or German non-university research institutions such as Max Planck Institutes, Helmholtz Centers, Leibniz Institutes, and Fraunhofer Institutes and others, is possible. However, such partners cannot profit from the funding and any additional costs have to be covered by the external partner.

					FUB/HUJI
	Number	Unit (in €)	Total	Comments	
Travel costs (2nd class / economy)					
<p><i>FUB applicants should refer to the current DAAD mobility allowance for Israel. Please give details if travel costs are substantially higher. Travel costs should not constitute the majority of project funding.</i></p>
