## Goldman Sachs Asset Management Alternatives - Investing Areas

**Growth Equity:** Comprises more than 75 individuals and has invested over \$13 billion in companies led by visionary founders and CEOs. We focus exclusively on investments in growth stage and technology-driven companies spanning multiple industries, including enterprise technology, financial technology, consumer and healthcare.

**Infrastructure:** Consistently navigated the evolving infrastructure asset class, having invested approximately \$13 billion in infrastructure assets across market cycles since its inception. We partner with experienced operators and management teams across multiple sectors, including digital infrastructure, energy transition, transportation & logistics and essential services.

**Private Credit:** One of the world's largest private credit investors with over \$75 billion in assets across direct lending, mezzanine debt, hybrid capital and asset-based lending strategies.

**Private Equity:** Invested over \$75 billion since inception. We combine our global network of relationships, our unique insight across markets, industries and regions, and the worldwide resources of Goldman Sachs to build businesses and accelerate value creation across our portfolios.

**Real Estate:** One of the largest investors in real estate with over \$50 billion in assets invested since 2012 across the spectrum of investment strategies from core to opportunistic. Our global team invests across all sectors with deep expertise across the capital structure, in assets ranging from single properties to large portfolios, through senior mortgages, mezzanine debt and equity.

Make things possible.
