

The Career Service at Freie Universität Berlin – What We Offer Companies

Freie Universität Berlin is one of the most prestigious universities in Germany. It is currently home to over 35,000 students enrolled in more than 150 degree programs from the natural sciences to social sciences to humanities. That means it produces a host of well-educated, high-performing graduates each year. The Career Service helps companies, who would like to scout out or support these highly qualified young professionals, to publicize themselves as potential employers. Opportunities for cooperation with the Career Service include:

Posting Internship and Job Advertisements

You can post internship and job advertisements via Freie Universität Berlin's Stellenticket portal for a fee. The job portals of all the universities in Berlin and other German institutions of higher education can be found under Stellenticket. If you are a new customer, you can request a "free ticket" directly from the Career Service at Freie Universität Berlin to learn more about the service. You can find further information and get in contact with us at: <https://stellenticket.fu-berlin.de>

Publicize Your Career Events for Free

The Career Service publishes a selection of career events on its website. If you are interested, please send the dates and details of your event to: careerservice@fu-berlin.de. We will examine this information and put it online if it is suitable for our target group. This service is free, and for that reason the events we choose to post are solely at our discretion.

Get in Touch – Networking for Companies and Students

Our Get in Touch events allow companies to present themselves as employers and interact with students. Through talks and workshops (in person or online) hosted by companies and organizations, students gain valuable insights from the world of work, get the chance to chat with professionals, and hone their soft skills. Please note that we do not allow companies to hold presentations that focus solely on their organizations. Until further notice we can only include very few and selected Get in Touch events in our program. Please fill out our [online form if you would](#) like to hold an event with us, so we can examine your offer

Job Fairs

A wide range of job fairs are held in Berlin every year, which is why Freie Universität Berlin only organizes subject specific job fairs. Here are some examples, which might be of interest to you:

- Fakultätskarrieretag Rechtswissenschaften: 05.06. und 06.06.2024
(<https://iqb.de/events/jurakarriere/fakultaetskarrieretag-karrieremesse-berlin/>)
- Fakultätskarrieretag Wirtschaftswissenschaften: 04.06.2024
(<https://iqb.de/events/wiwikarriere/fakultaetskarrieretag-wiwi-freie-universitaet-berlin/>)

Who to Contact at Freie Universität Berlin:

Supporting Bright Students with the Deutschlandstipendium Scholarship Program

The talented students of today are the top researchers, lecturers, and creatives of tomorrow. Supporting them as they take important steps in their career is a crucial investment in our future. You can help brilliant and dedicated students by financing their studies and mentoring them through the Deutschlandstipendium scholarship program.

Knowledge and Technology Transfer, Entrepreneurship

Across the natural sciences and humanities, researchers are working on inventions and ideas that will pave the way for the products of the future. That's why knowledge and technology transfer, entrepreneurship research, and start-up support are immensely important at Freie Universität Berlin. Profund Innovation, the service institution for knowledge and technology transfer at Freie Universität, works on all of these areas.
