

Research Data Day

Thu, 27.10.2022, 9:15 – 16:00

Learn, network, join the discussion!

Research data, their sustainable management, publication and analysis have gained high relevance in all scientific disciplines in recent years.

The Research Data Day offers a forum for networking and exchange on generic and subject-specific aspects around the topic of research data and provides an overview of the services on campus.

Registration and further information

The event is aimed at members of Freie Universität – all interested parties are welcome.

Participation is free of charge. All modules can be booked separately. Registration (until 21.10.2022):
