

PUC Rio

Living in Rio

Come live in Rio de Janeiro, the marvelous city. It is an exciting place surrounded by a lush tropical forest and conveniently located by the Atlantic Ocean.

The distinct contrast between the modern and post-modern architecture with the green of the rain forest and the liveness of the beach atmosphere in the background paint a unique scenery.

With an intense cultural life, Rio has a long standing tradition in pop culture. It is a vibrant center for different expressions in art, music, dance, theatre, street performances, gastronomy, sports and outdoor activities.

Come to Rio and experience the carioca way of life!
